Company Overview

About Us

ONE Unicorp DMCC is a Dubai-based print and design studio dedicated to providing top-tier printing and design solutions. With a focus on innovation and creativity, we offer a wide range of services, including printing, graphic design, branding, and marketing collateral.

Mission

Our mission is to empower businesses with innovative digital marketing solutions that drive sustainable growth

Our Story

ONE Unicorp DMCC brings with itself over seven years of comprehensive experience across print, design, and marketing sectors. Born out of a vision for catering a niche market in the Middle East, ONE Unicorp DMCC leverages its existing talent pool to elevate the business. We are committed to pushing the boundaries of what's possible in print and design, offering solutions that meet the unique needs of our clients.

Our Services

We specialize in delivering a wide range of printing services tailored to meet your unique needs. Whether you require digital printing, or specialized large format printing, we are committed to providing high-quality results with quick turnaround times.

Our dedicated team ensures every project, from business cards to banners and beyond, is executed with attention to detail.

Digital Printing

Digital marketing is a way of promoting and advertising products, services, or brands using digital channels such as websites, social media, email, search engines, and online advertising to reach and engage with a target audience.

RFID CARDS

Wood & Pet G Cards

Crafted from sustainable and environmentally friendly materials, these cards are an ideal choice for eco-conscious individuals, businesses, and organizations seeking to make a positive impact on the planet.

These multifunction cards can be contactless, allowing for secure and convenient access control with possibilities for custom printing or engraving.

RFID Usage Across Sectors:

- Retail Sector: used in inventory tracking to enhance customer satisfaction and for quick purchase processes.
- Healthcare Sector: used to track high-value equipment and to ensure that all the sterilized items are ready for use.
- Hospitality Sector: used to control linen inventories, reducing costs and enhancing service quality.
- Government Offices: used for easy asset tracking and inventory management.
- Transport Sector: used for seamless travel in Metro & Bus services.

Note: Custom products available upon request; pricing depends on quantity and printing methods.

WHY CHOOSE US

- **Commitment to Sustainability:** Our products are designed to reduce environmental impact and promote sustainable practices.
- **High-Quality Materials:** We use only the best sustainable materials, ensuring durability and superior performance.
- **Versatile Options:** A wide range of products and media options to meet the needs of various industries.
- **Eco-Friendly Practices:** From production to delivery, our processes are optimised for minimal environmental impact.
